

Remarks

The applicants submit formal drawings to replace the drawings as originally filed. The formal drawings replace handwritten reference numbers throughout FIGS. 1-18. In addition, reference number 134 in FIG. 9E was replaced with reference number 234 to maintain consistency in designating the module also shown in FIGS. 9A-9D. The applicants submit that no new material was added in the formal drawings from those originally filed. Additionally, the page 11 of the specification was amended to reflect the change made in FIG. 9E to re-designate reference number 134 to reference number 234.

Conclusion

In view of the foregoing amendment and remarks, the applicants respectfully submit that the present application is in condition for allowance. Reconsideration and reexamination of the application and allowance of the claims at an early date is solicited. If the Examiner has any questions or comments concerning this matter, the Examiner is invited to contact the applicants' undersigned attorney at the number below.

Respectfully submitted,
